

Elements to include in Zambia's first Sol

Taking into account UNFCCC guidance and what information is available...

Thais Narciso

30 May 2018 |

REMINDER – What is requested?

UNFCCC
Guidance
on
summaries

Decision
-/CP.21 (Paris)

4.

Information on which REDD+ activities are included in the summary of information

5.a

Information on national circumstances relevant to addressing and respecting the safeguards

5.b

Description of each safeguard in accordance with national circumstances

5.c

Description of existing systems and processes relevant to addressing and respecting safeguards

5.d

Information on how each of the safeguards has been addressed and respected

6.

Any other relevant information

7.

Improving information taking into account a stepwise approach

What is available:

4.

Information on which REDD+ activities are included in the summary of information

UNFCCC
Guidance
on
summaries

Decision
-/CP.21 (Paris)

Overview of REDD+ activities mentioned in the summary:

By UNFCCC categories

- Reducing deforestation
- Reducing forest degradation
- Conservation of forest carbon stocks
- Sustainable management of forest
- Enhancement of forest carbon stocks

+ More detailed account of individual actions?

What is available:

UNFCCC
Guidance
on
summaries

Decision
-/CP.21 (Paris)

5.a

Information on national circumstances relevant to addressing and respecting the safeguards

This could cover topics such as:

- Values of Zambia's forests for society (environmental, social, economic...)
- Current situation with regard to forest governance
- Goals and scope of the application of safeguards in Zambia
- Potential benefits and risks of REDD+ actions (drawing on benefits and risks analysis)

What is available:

UNFCCC
Guidance
on
summaries

Decision
-/CP.21 (Paris)

5.b

Description of each safeguard in accordance with national circumstances

This description can draw on the national interpretation of safeguards.

What is available:

UNFCCC
Guidance
on
summaries

Decision
-/CP.21 (Paris)

7

5.c

Description of existing systems and processes relevant to addressing and respecting safeguards

This section could describe key mechanisms supporting the application of safeguards in Zambia – more detail to be included in 5.d (How safeguards are addressed)

What is available:

UNFCCC
Guidance
on
summaries

Decision
-/CP.21 (Paris)

4 This section can draw on the narrative summaries of information on how safeguards are addressed and respected that are proposed in the SIS template

5.d

Information on how each of the safeguards has been addressed and respected

6.

Any other relevant information

7.

Improving information taking into account a stepwise approach

What is available:

UNFCCC
Guidance
on
summaries

Decision
-/CP.21 (Paris)

4 This section could for example include information on how the Summary of Information has been developed, what its relation is to the SIS, the status of SIS development, etc.

6. *Any other relevant information*

7. *Improving information taking into account a stepwise approach*
