National REDD+ safeguards approach and safeguards information system

Meeting of Technical Working Group on Safeguards and Safeguard Information System (TWG-S&SIS)

Agenda

28 March 2018

Location: Holiday Inn Hotel, Ulaanbaatar

Meeting objectives:

1. To build knowledge and capacity of working group members on concepts and steps in the development of a Safeguard Information System (SIS);
2. To provide feedback on draft Mongolia national safeguards clarification and information needs;
3. To provide feedback on key inputs for SIS development, including SIS objectives and assessment of information systems and sources.

Retreat participants:

- Members of TWG-S&SIS and other relevant TWGs (e.g. MRV)
- Representatives of key government agencies and institutes for SIS information sources and development
- National UN-REDD Programme staff and UN-REDD regional/global specialists
