

Investment Funding for REDD+ Implementation

- Results-based payments can start in Phase 2, and once countries are in Phase 3, results are fully measured, reported, and verified
- Countries will need REDD+ financing plans blending domestic and international finance from public and private sources, to achieve results and receive RBPs
- Various sources of results-based finance exist that may also support REDD+ investment, such as those presented in the diagram below

Sources of International Public Finance through the 3 Phases of REDD+
