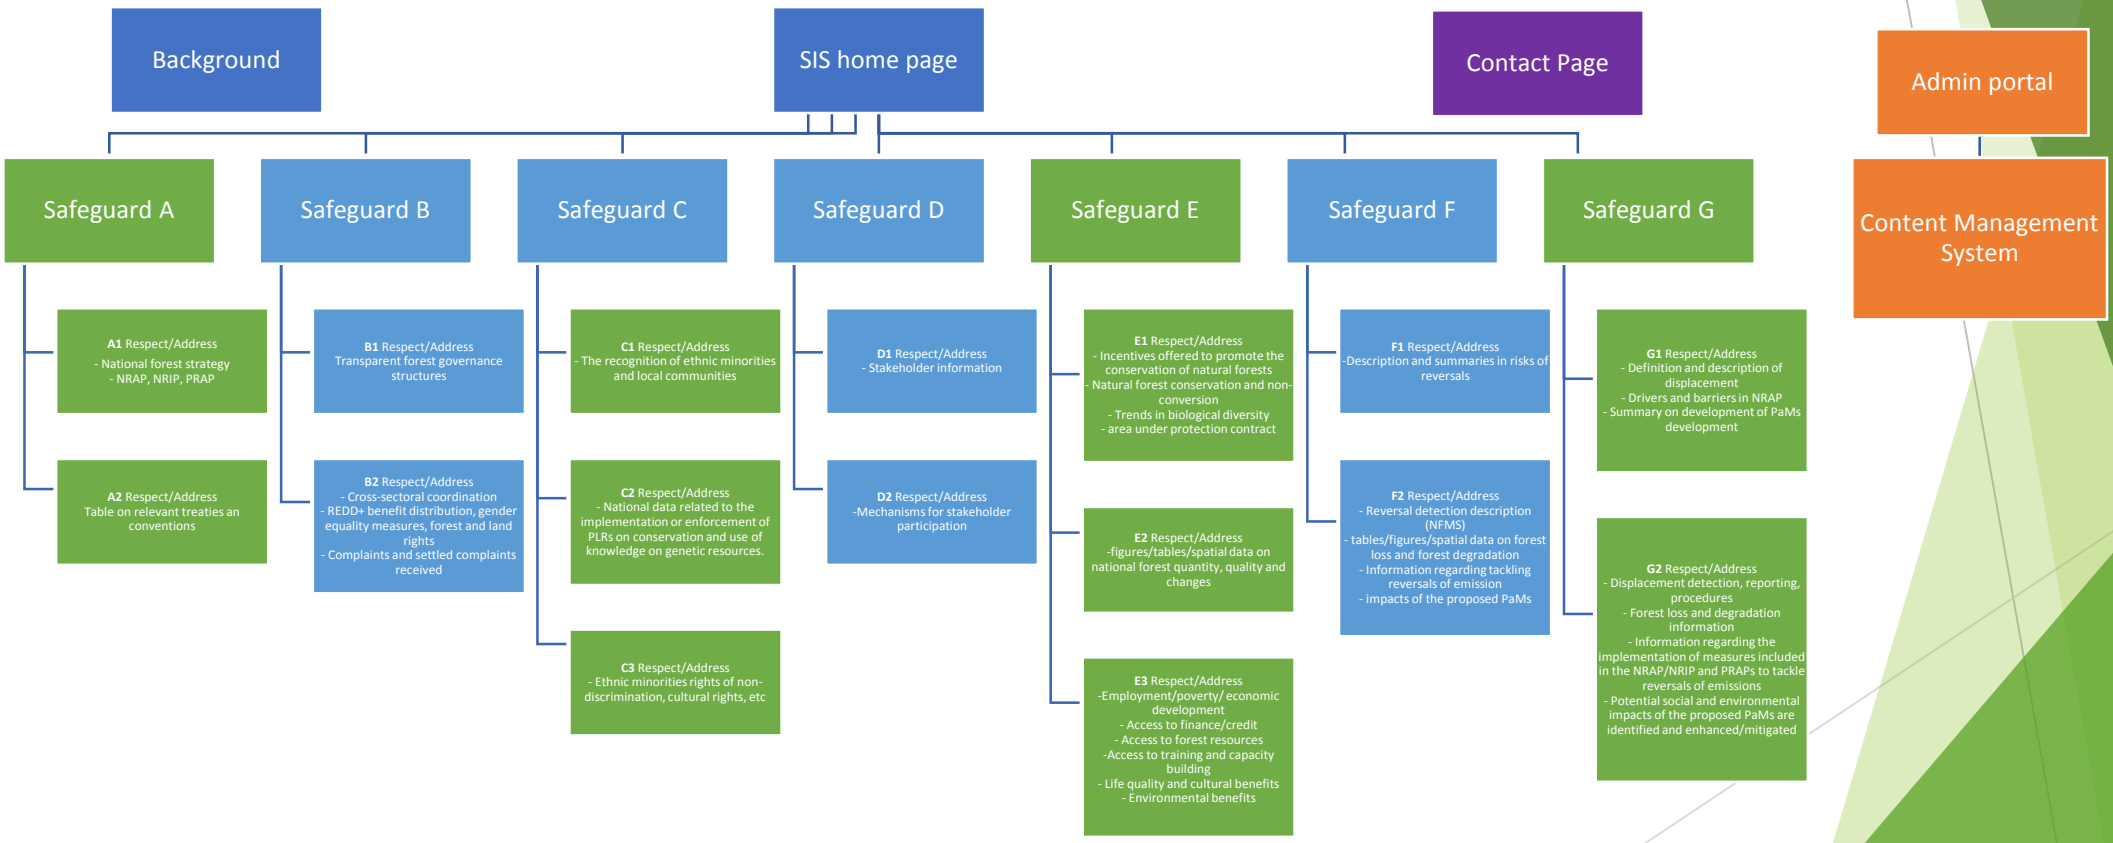
Management of user roles		X
User training / help desk	X	X
Analysis and reporting from SIS		X

SIS v1.0 website page hierarchy



Questions

- Referencing - how do we add references per parameter
  - Under each parameter?
  - Reference catalog?
- Export SIS website contents to a structured document (PDF or similar)
  - How could this be used?
  - Export large report document from entire SIS?
  - Export specific parts of SIS?

Website solution overview
