## GCF CONSULTATIONS ON REDD+ RESULTS-BASED PAYMENTS

### REDD+ CALLS FOR PUBLIC INPUT

For Board - REDD+ Results Based Payments

For REDD+ stakeholders - REDD+ Results Based Payments

At the fourteenth meeting, the GCF Board requested the Secretariat to develop a request for proposals (RFP) for REDD+ results-based payments (RBP), including guidance consistent with the Warsaw Framework for REDD+ and other REDD+ decisions under the United Nations Framework Convention on Climate Change (UNFCCC). The same Decision requested the Secretariat to implement a process for stakeholder and expert input to support its work. Under the guidance of two REDD+ Champions nominated by the Board, two calls for inputs have been issued to both the Board and the global REDD+ stakeholders. Inputs received are presented here.
