Re-engineering Efforts

- Training and capacity-building of all officials, CENROs up
- Values formation and reorientation
- Fill some gaps in thought processes

Engaging stakeholders

- Multi-stakeholder capacity building, with Judiciary, Prosecutors, Public Attorneys, PNP, Mediators, Civil Society
- Fighting Illegal Loggers by denying them of their loot
- Fighting big fish together with DILG and DOJ
- Encouraging land applicants to expose fixers and syndicates

Use of Technology

- CCTVs installed in most field offices
- Mobile device and internet-based monitoring
 - SNAP Plot System
- Planned use of more surveillance systems including drones
