

REDD+ Academy/Bhutan
Module 11 (Public Awareness and Stakeholder Engagement)
Group Exercise – Instructions

Exercise 1:

The Federal Autonomous Kingdom of Elbonia (FAKE) has recruited you and your team to design a consultation process to identify drivers of deforestation and forest degradation and barrier to “+”; conservation and enhancement of carbon stocks and sustainable management of forests, with different stakeholder groups.

- Group 1: Forest dependent communities at the Village Level
- Group 2: Non-Governmental Organisations working at the District Level
- Group 3: Private sector entities at the National Level
- Group 4: Government institutions at the National Level

Instructions

- State the assumptions you have made for your designated stakeholder group.
- Identify potential barriers and challenges in implementing the consultation process for designated stakeholder group. Ensure the process designed addresses these potential barriers and challenges.
- Identify any potential role for a grievance redress mechanism (GRM), if relevant.
- Complete the tables provided below. Copy this table on to flip charts.
- Allocate 60 minutes for this group work and 30 minutes for group discussion.

Table 1: Background information

Assumptions	
Potential barriers and challenges	
Tools to be used for consultation process	

Table 2: Steps in the consultation process

Steps	Details

<p>Discuss potential role of grievance redress mechanisms (if relevant):</p>
