

Gender in UN-REDD

The case of Viet Nam

Tore Langhelle, Programme Analyst
UNDP Viet Nam
Regional UN-REDD Workshop
8 November 2010, Bangkok

Background

- Lack of gender focus in UN-REDD
- Donor interest & UNDP Country Office push

Goal: Mainstream gender ISSUES in the Viet Nam REDD Phase II Proposal

- Inputs from UNDP Headquarter in New York, Regional Office in Bangkok as well as Viet Nam Country Office

What do the experts say?

- **A more effective REDD+ implementation takes into account the current status of gender differences. Specifically regarding:**
 - **Roles**
 - E.g. How do men and women use the forest?
 - **Rights**
 - E.g. Who has ownership to the forest?
 - **Values**
 - E.g. What does and does not have a market price?

Case: Gender in Viet Nam

- **Phase I**
 - FPIC ?
- **Phase II (under planning)**
 - Social and Gender Impact Assessments

- FPIC
- Benefit Distribution System
- Knowledge sharing
