

GREEN CARBON BLACK TRADE

Illegal logging, corruption, tax fraud and laundering in the World's tropical forests and its implications for REDD+

UNEP GRID Arendal and INTERPOL will present findings of the report and key challenges in combating corruption and laundering associated with illegal logging and organized transnational environmental crime, opening for an interactive debate of international challenges and ideas to reduce both deforestation and corruption risks in REDD+. The UN-REDD Programme will highlight how preventing corruption risks can complement law enforcement activities to benefit REDD+.

THAIS JUVENAL LINHARES
UN-REDD programme
Chair and keynote

DAVYTH STEWART
Interpol
Project LEAF: Combating illegal logging

CHRISTIAN NELLEMANN
UNEP-Grid Arendal: "Green carbon: Black trade" – key findings of the report

ESTELLE FACH
UNDP, UN-REDD Programme
Preventing corruption risks in REDD+

NATIONAL PERSPECTIVES
