

UN-REDD
PROGRAMME

The UN-REDD Programme

Linda Rosengren, UN-REDD Programme Secretariat

Greening REDD+:
Challenges and opportunities for
forest biodiversity conservation,
Freiburg, Germany, 14-16 April, 2010

UN-REDD Programme

- **Joint Programme**
- **Established in 2008 by the FAO, UNDP and UNEP**
- **Helps countries to get ready to benefit from the REDD+ mechanism**

UN-REDD
PROGRAMME

UN-REDD Programme

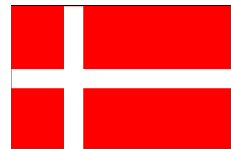

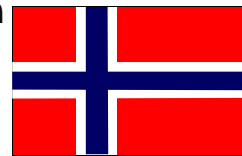

- Works at a **global & national** level by providing
 - Technical advice
 - Methods and tools
 - Stakeholder involvement
- To support the development and implementation of **national REDD+ strategies**
 - **Country ownership and leadership**

UN-REDD
PROGRAMME

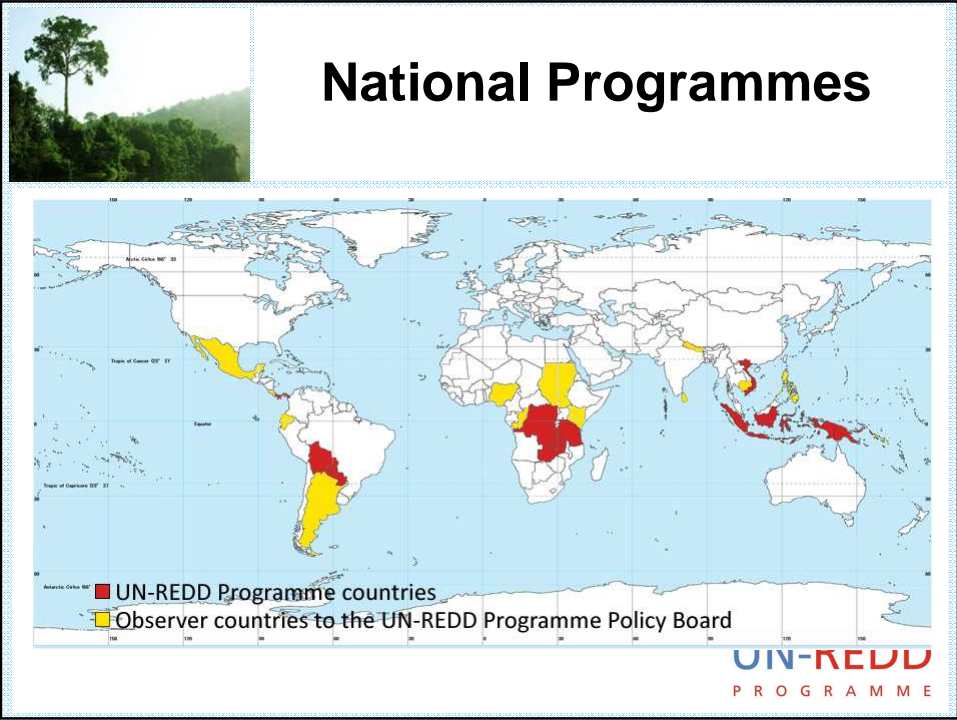

Funding & Governance

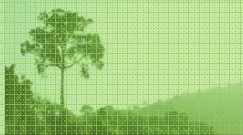

- **Current funding: US\$105 million**
- **Donor countries:**
 - Norway
 - Spain
 - Denmark

- **Governed by Policy Board**
 - Meets 2 times per year
- **Secretariat in Geneva - coordination**

UN-REDD
PROGRAMME

	Total Approved Budget Million USD	Status
Bolivia	2,9	allocated
DRC	1,8 + 5,5	implementing
Indonesia	5,6	implementing
Panama	5,3	allocated
PNG**	6,4	earmarked
Tanzania	4,2	implementing
Vietnam	4,3	implementing
Zambia	4,5	allocated
International	9,6 + 3,8	implementing
Total	54,1	

National Programmes Total, 42,6 million \$

Work areas of UN-REDD

Current:

- **MRV and Monitoring**
- **Engagement of Indigenous Peoples, Local Communities and other relevant stakeholders**
- **Ecosystem Multiple Benefits**

To be included:

- **Governance**
- **Equitable benefit sharing and support to sector change**

UN-REDD
PROGRAMME

MRV of carbon

- **Methodologies, GHG inventories**
- **Tools on measurement and assessment (forest inventories, remote sensing)**
- **Build capacities**
- **Partnerships**

Stakeholder involvement

- Stakeholder **consultations prerequisite** for UN-REDD funding
- Focus on **Indigenous People**, Forest Dependent Communities and **Civil Society** involvement
- Stakeholders able to understand, participate in REDD+ decisions

UN-REDD
PROGRAMME

UN-REDD and Governance

- Focus: **Land Tenure & Forest Governance**
- How?
 - Strengthening governance and **institutional capacity**
 - **Renewed policies**/programmes critical to poverty reduction, tenure rights
 - Developing **legal frameworks** and law enforcement
 - **MRVing** governance

UN-REDD
PROGRAMME

UN-REDD and Multiple Benefits

Co-benefits include:

- Biodiversity
- Poverty reduction
- Soil stability etc.

- **UN-REDD is supporting countries to:**

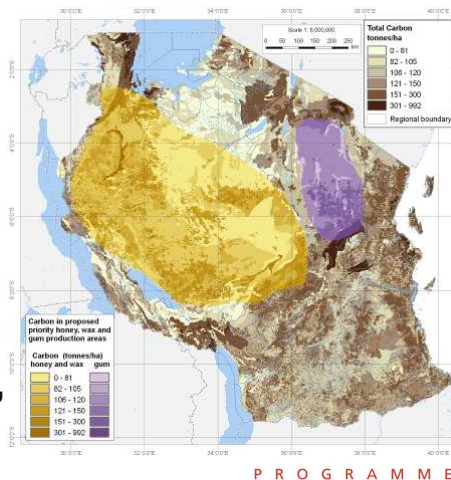

- Maximize socio-economic and ecological co-benefits
- Improve equitable benefit sharing

UN-REDD
PROGRAMME

Biodiversity and other ecosystem services

- **Spatial analyses** of the relationship between carbon storage, biodiversity and ecosystem services
- **Support for addressing ecosystem co-benefits in Vietnam, Indonesia, Tanzania, Bolivia... etc**

Multiple Benefits – next steps...

- Support countries to incorporate ecosystem co-benefits in their **national REDD+ strategies**
- Analyses and tools to deal with **trade-offs**
- Upcoming UN-REDD workshop:
Identifying and promoting ecosystem co-benefits from REDD+
– Cambridge, 27-29 April 2010

UN-REDD
PROGRAMME

UN-REDD – where next?

- Scaling up
- **A growing programme** to meet a growing demand:
 - New Member Countries
 - New donors
- Continue to provide **REDD+ readiness** support and will also **support implementation**
- Move toward **long-term programming**
- Provide **targeted support** on demand
