OUR HUMBLE BEGINNING...

2006
September

UNDERLYING CAUSES

CoDe REDD-Philippines is a loose coalition of NGOs interested in seeing a responsible REDD-Plus mechanism. The coalition believes that any REDD project should be implemented according to the principles of community empowerment, biodiversity conservation, and sustainable management of forest.

- **European Union**

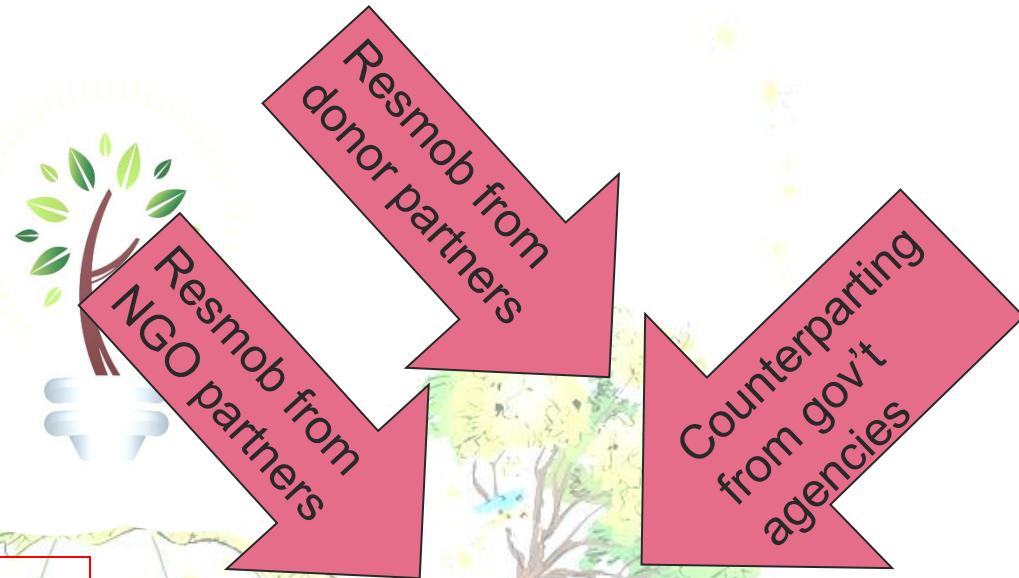

Evolution of the PNRPS

NGOs were at the forefront of the debates and discussions on REDD+ since Bali, as they were empowered at that time **with resources** focusing on REDD

Civil Society led by the NGO network (CoDe REDD) and comprised also of POs, local and IP communities expressed to the **PHL gov't** the urgency of developing guideposts to get the country engaged in REDD-Plus

Civil Society & PHL gov't got together and agreed that we needed a **framework** to guide us along the way of developing REDD+ actions in the country. The framework was then to be embodied in a REDD-Plus strategy.

Civil Society & PHL gov't organized **consultations** and several **workshops** to develop the Philippine National REDD Plus Strategy (**PNRPS**)

Evolution of the PNRPS

NGOs were at the forefront of the debates and discussions on REDD+ since Bali, as they were empowered at that time **with resources** focusing on REDD

Committees (TWGs) were organized to work on the components of the PNRP, including the action and budget and action plans

Civil Society led by the NGO network CodeREDD and comprised also of POs, local and IP communities expressed to the **PHL gov't** the urgency of developing guideposts to get the country engaged in REDD+

The Philippine National REDD Plus Strategy (**PNRPS**) was **completed** and **endorsed** by the Dept. of Env. & Nat. Res. to the Climate Change Commission

Civil Society & PHL gov't got together and agreed that we needed a **framework** to guide us along the way of developing REDD+ actions in the country. The framework was then to be embodied in a REDD+ strategy.

Civil Society & PHL gov't organized **consultations** and several **workshops** to develop the Philippine National REDD Plus Strategy (**PNRPS**)

NRPS is a result of...

- 1 National consultation (April 09)
 - 3 regional consultations
 - i) Luzon (May 09)
 - ii) Visayas -Mindanao (July 09)
 - iii) Palawan (Aug 09)
- 500+ persons participated
- National & local DENR
 - Other government agencies
 - Local Government Units
 - Research and academic institutions
 - National NGOs,
 - Local NGOs,
 - Funding institutions
 - Community-based organizations

- 2 NRPS Consultative-Writeshops
- 1 NRPS' Action and Budget Planning

**National & Regional Consultations
April – Aug 2009**

**Workshop 1- Nov 2009 –
principles, results, components**

**Component workshop groups –
Dec-March 2009**

**Workshop 2 – March 2010
Writeshop**

**Draft written up by an integrator
April 2010**

National presentation – April 2010

**Critique and review by experts,
regional and sectoral consultations**

DENR Approval- August 2010

**NRPS Action Planning & Budgeting
September 2010- March 2011**

The Philippine National REDD+ Strategy

Seven Major Components

- Consult & engage stakeholders
- National multi-stakeholder council
- Build on existing structures
- Benefit sharing schemes

- Communication plan
- Consultations & dialogues
- Training programs
- REDD+ community of practitioners

- National-level MRV system complemented by sub-national MRV
- Reference emission levels
- Community-based accounting
- Guidelines for non-carbon reviews
- Increase capacities for current and future requirements of MRV

Enabling Policy

Governance

R&D Research And Development

Capacity Building

RUAM (Resource Use, Allocation & Mgt)

MRV Measurement Reporting And Verification

SF Sustainable Financing

- Carbon Ownership,
- Potential conflicts
- National emission targets
- Clear legal mandates of REDD+ institutions
- Social & environmental safeguards

- Drivers of deforestation and forest degradation
- Science-based conservation intervention (legislation, incentive, capacity-building)
- REDD+ research agenda (policy, social science & carbon cycles)

- Permanent FLB
- Watershed, ecosystem & landscape planning
- Land tenure and carbon rights
- Mgt. & enhancement of carbon stocks
- Sustainable mgt of production forest
- Population growth

- Proposals for voluntary funding
- Explore long-term financing schemes
- Diverse fund management
- Capitalize on existing national capacities and resources

LAUNCHING: Cancun in December 6, 2010

PNRPS BUDGET ESTIMATES

COMPONENT	TOTAL BUDGET ESTIMATE EURO('000)	%
Enabling Policies	188	0.35
Governance	1,649	3.06
Resource Use, Allocation and Management (RUAM)	38,442	71.26
Research and Development (R&D)	1,200	2.22
Measurable, Reportable and Verifiable (MRV) Conditions	8,434	15.63
Capacity Building and Communications (CBC)	3,659	6.782
Sustainable Financing (Sus Fin)	373	0.69
TOTAL	53,944	100

Climate Change Commission

- Provides general oversight
- Supervises and recommends policy, legislation, strategies, actions, programmes and appropriations
- Provides support to REDD-plus research and development
- Facilitates intersectoral coordination
- Links to international REDD-plus negotiations
- Develops NFSCC

(4.1) National Multistakeholder REDD-plus Council

Organized through DENR with multistakeholder representation

- Operates as primary implementation body
- Advises CCC on REDD-plus
- Oversees Designated National Authority and related carbon and non-carbon MRV
- Facilitates stakeholder engagement
- Proposes policy reform

(4.2) Designated National Authority

Organized through the FMB, with support from NAMRIA, MO and others

- Establishes national MRV standards
- Provides technical support to sub-national MRV agencies
- Collects and harmonizes data from sub-national MRV agencies

PROVINCIAL

LOCAL

DEMONSTRATION SITES

The background features a stylized globe with a grid of latitude and longitude lines. Overlaid on the globe are several green trees of various shapes and sizes, some with yellow flowers. There are also several blue birds in flight, scattered across the scene. The overall aesthetic is clean and nature-oriented.

1. **Forest Policy and Piloting REDD measures** through DENR with support from BMU/GIZ. (Southern Leyte, Leyte Island)
2. **Advancing Development of Victoria-Anepahan Communities and Ecosystems through REDD (ADVANCE REDD).** The Project is funded by **European Union Delegation (Southern Palawan)** through NTFP-EP
3. **Community Carbon Pools Programme (C2P2)** through FFI, NTFP-TF, Team Energy Foundation

SO FAR.... HIGHLIGHTS

Through joint undertakings with include the following:

- (1) Initiation of three (3) demonstration sites located in Southern Leyte, General Nakar, and Palawan;
- (2) Conduct of policy studies on forest policy, carbon rights, drivers of deforestation and forest degradation, and free prior and informed consent are ongoing;
- (3) Formation of REDD-plus Community of Practitioners and conduct orientation and technical training sessions;
- (4) Publication of PNRPS briefs in English, Cebuano and Filipino,
- (5) Completion of Communication and Media Plan,
- (6) Crafting of Forest Resources Inventory Manual and Measurement, Reporting and Verification (MRV) advisory notes,
- (7) Identification and implementation of upfront livelihood and reforestation activities to address socio-economic needs of communities, and
- (8) Finalization of Action and Budget plan which was presented to a Donors' Forum.

Use of the FRAMEWORKS

- DEFINITELY ON THE following PNRPS Components
 - Capacity Building and Communication
 - Policy and Governance
 - MRV

Maraming Salamat Po!
Thank you!
