Geneva le 6 June 2013

Mr Heru Prasetyo
Deputy of Head/Minister for President's Delivery Unit for
Development Monitoring and Oversight

Dear Pak Heru,

Following up on the letter from Dr Kuntoro Mankusubroto of 23 May 2013 and additional information received on results foreseen, workplan and budget, describing Indonesia's planned continuous work on Participatory Governance Assessment (PGA) for REDD+, I am pleased to inform you that the UN-REDD Programme has approved an additional amount to Indonesia under the targeted support modality.

The United Nations Development Programme (UNDP) will provide US\$ 160,500 in support to the expected results related to; 1) The production and formal launch of the 2012 Indonesian Forest, Land and REDD+ Governance Index (PGA) report; 2) Dissemination and utilization of the PGA results; and 3) Effectively and efficiently results oriented project management.

For further information, please contact the UNDP focal point for targeted support, Mr. Tim Clairs (tim.clairs@undp.org) or Mr. Abdul Wahib Situmorang (abdul.situmorang@undp.org), Project Manager for PGA, Governance and Poverty Reduction Unit-UNDP Indonesia.

The continuous consultation in the country between the Government of Indonesia and the other UN-REDD Programme participating UN agencies, the Food and Agriculture Organization of the United Nations (FAO) and the United Nations Environmental Programme (UNEP), is encouraged for the planning and implementation of the activities that are supported by the targeted support mechanism of the Programme. The overall PGA work is jointly supported by UNDP and FAO.

Sincerely,

Mario Boccucci

Head, UN-REDD Programme Secretariat
