Geneva, 26 June 2014

Excellency,

With reference to your letter received on 21 May 2014, we thank you for your request for targeted support from the UN-REDD Programme for effective participation of all relevant stakeholders in REDD+, ensuring women's inclusion in management of REDD+, and awareness raising as part of Cambodia's national REDD+ efforts.

We are pleased to inform that the UN-REDD Programme, through UNDP, will support the proposal with a total amount of US\$ 65,000.

It is noted that the support will build on the National Programme and the initial targeted support to Cambodia and refers to support to the following expected results:

- Women are effectively included into management of the REDD+ readiness process through support to the newly-formed Gender Team.
- Indigenous peoples and members of the Community Networks of Forestry, Protected Areas and Fishery provided with information, and awareness raised on REDD+ through various means of communications.
