Overview of the International REDD+ Process

Timeline:

Adopted from [Juergen Blaser](#)

REDD+ Partnership landscape

- **REDD+ landscape is multifaceted and complex necessitating a range of partnerships:**
 - **Policy:** REDD+ partnership
 - **Capacity Building/Delivery:** e.g. within the UN and between the UN and other multilaterals such as FCPF, FIP, GEF, CBFF, CBD, UNFCCC . Also working with Civil Society, IPs and research groups
 - **Funding:** contributing countries – co-financing
- **There will be many partnerships where the multilaterals are not involved**

UN-REDD Programme: Delivering as one UN

- **Established in 2008 by FAO, UNDP & UNEP**
 - Response to UNFCCC Bali Action Plan
- **Always envisaged that it would work in partnerships**
- **Supports countries in their REDD+ efforts**
 - Strong emphasis on capacity building
- **Offers UN Joint Programming: Delivering as One UN**
- **Collaborates with FCPF, FIP and other institutions working on REDD+ activities**
- **Works closely with GEF, UNFCCC Secretariat and CBD**

UN-REDD: Looking ahead

- **Five Year Strategy Endorsed by Policy Board:** This provides a shared vision for the 3 agencies to respond to country needs
 - Highlights importance of strategic partnerships
- Mobilizing adequate funding to support country capacities to prepare and implement **REDD+ strategies**
- A **growing Programme:** need to scale up in response to new demands
- Emphasis remains on coordinated action on the ground
