

Workshop objectives

Chairman Odigha Odigha

UN-REDD Workshop, Nigeria, 26-27 November 2013

Nigeria's REDD+ Readiness Programme – Beyond Carbon Safeguards and multiple benefits from REDD+ workshop

Objectives

- **Progress work** on output 4.3 of Nigeria's REDD+ Readiness Programme “**Cross River State established as a centre of excellence & learning on REDD+**” and the related work streams on:
 - **Developing social and environmental safeguards** for Cross River State
 - **Identification of priority benefits** from REDD+ to support **land use planning**
- **Capacity building and awareness raising** with key stakeholders on **multiple benefits and risks - REDD+ safeguards**
- **Evaluate what further work is needed** on these topics to meet CRS and national needs within the framework of the UN-REDD Programme.

Day 1 – REDD+ safeguards focus

Presentations

- Nigeria – REDD+ readiness activities
- Introduction to the topic of REDD+ safeguards and multiple benefits
- UN-REDD Social and Environmental Principles and Criteria
- Safeguard Information Systems

Interactive Sessions

- Identifying risks and benefits from REDD+ actions
- Process for developing a national approach to safeguards

Day 2 – REDD+ planning focus

Presentations

- REDD+ planning – use of maps
- Livelihoods and REDD+
- Communicating about REDD+
- PGA

Group exercises

- What spatial data is important for REDD+ planning?
- How can we effectively communicate with communities – REDD+ risks and benefits?

Conclusions

- Full agenda
- We want to cover all issues
- Ask that you write questions down if no time to ask in plenary
- Return to these as the workshop progresses

Thank You
